**22<sup>nd</sup> October 2020**

Dear Parents,

### Reading Awards

**Congratulations** to the following children who have passed their reading awards:

**Lily B - Silver**

Certificates were presented in class yesterday for those children who passed a reading award during the first half of the Autumn Term.

### Half-term Round-up

This half-term has certainly been different in some respects but very familiar in others. It was so good for school to fully re-open in September and the children have all come back eager to learn and be with their friends again. After the first few weeks of practising the new routines, the children settled very well and all the staff are pleased with how well they have adapted and accepted the new normal. I had hoped, perhaps over optimistically, that by now we could have expanded our bubbles to spread over year groups or key stages but the government guidance is still that in primary schools, bubbles should be as small as possible to avoid the mass self-isolation of large numbers of children and staff should we have a case of COVID. We can only hope that things will change in the not too distant future so that the classes can start to mix again particularly at break and lunchtimes.

As you will have seen from the newsletters, we have had a steady stream of children in the juniors moving up reading levels and yesterday I visited the classes to congratulate the children and acknowledge all their hard work this half-term. Each week I also visit the infant classes so that I can present stickers to those children who have learnt their sounds and numbers and also to those who have moved up a reading level or tried particularly hard with a tricky piece of work. This week I finally caught up with Class Flamingo and was amazed at how many children have consistently read for at least three times a week, **every week** since September - it was almost the entire class!

We are obviously a school that enjoys reading and I know that the teachers have been pleased with how well the children are doing. We know that their progress, but more importantly their love of books, is down to the encouragement and support you also give them at home. A good standard of reading unlocks the rest of the curriculum.

## Keeping Safe

We have noticed that more and more children are bringing soap, hand cream and sanitiser into school and we now also have children bringing in their own towels. This is becoming problematic as we have limited storage in the classrooms and need to keep everywhere as clear as we can so that surfaces can be thoroughly cleaned during and at the end of the day. Towels also pose a hygiene issue as we do not have space to hang these so that they dry out between use and they will harbour bacteria.

We have sufficient soap in school and this is topped up during the day. Similarly the roller towels are replaced by the office staff as soon as we know that they have run out. There is also a stock of paper towels in each cloakroom.

If your child has a medical condition that requires the use of specialist soap or cream or is going through a period where they have exceptionally sore hands, please let the class teacher know and then we can make suitable arrangements. We need to ensure that any creams brought into school do **NOT** contain nuts as we have children and staff with potentially life-threatening allergies.

Please help us keep everyone as safe as we can during these difficult times. Thank you.

## Year 6 Visits to Secondary School

**Please remember that the statutory closing date for applications from parents of Year 6 children (for a secondary school place in Year 7 from September 2021) is 31 October 2020.**

Applications can be made via our website [www.essex.gov.uk/admissions](http://www.essex.gov.uk/admissions).

Please note that requests for leave of absence were automatically authorised for this reason and also for the sitting of the 11+ Tests, but individual letters to acknowledge this were not sent home.

## School Photos

Your child will have brought home a proof card for their school photos which were taken recently. These are now ready to view on the photographer's website [www.getphotos.co.uk](http://www.getphotos.co.uk) using the QR code on your proof card. If you have already scanned the QR code on the Proof and registered you will receive an auto email notification. If you have not done it yet you can still view by scanning the QR code on your Proof and following the instructions.

If you have not received your Proof or it has been lost please call Vancols Parent Line on 01206 273711.

The last date for orders to be made by is **5th November 2020**.

## Christmas Cards

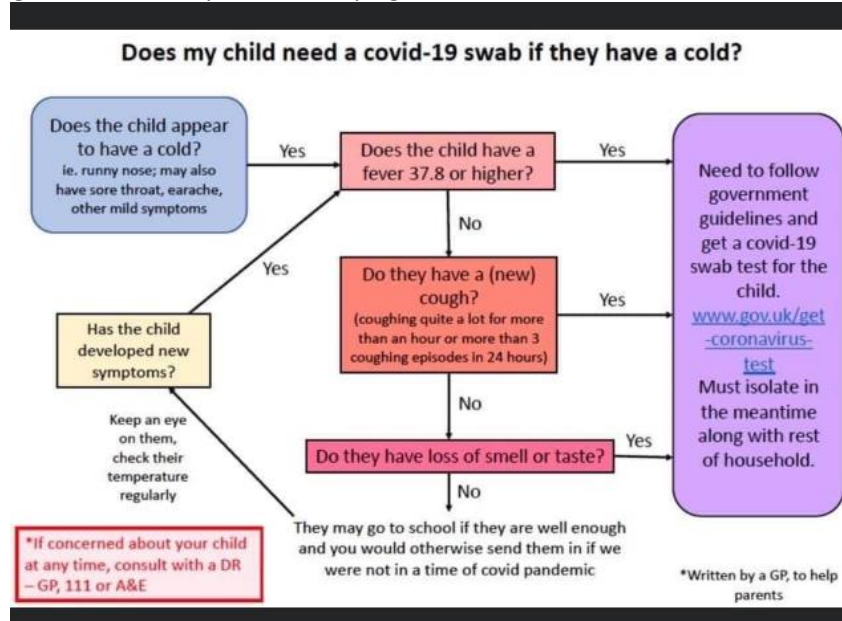

The closing date for orders is tonight, **Thursday 22<sup>nd</sup> October at midnight**. If you have returned your child's artwork to school please visit [www.apfsorders.co.uk](http://www.apfsorders.co.uk) to make any final orders by then. Your orders should arrive back in school in mid November.

We are hoping to use the commission raised from the sales of these cards to subsidise a whole school virtual pantomime treat for all the children in December.

Thank you for your support.

## COVID-19 Support

We thought this might be useful to parents in trying to decide if their child needs a test.

## School Lunches - Costs for Autumn Term 2020

**Total for Autumn Term £159.75**

Please remember school dinners cost £2.25 per day from September 2020. Thank you. Please note Key Stage 1 and EYFS are still entitled to Universal Free School Meals.

## Governor News

Letters were sent out last week regarding the election of a new parent governor. Mrs Georgina Clifford-Smith's term of office comes to an end this month and we would like to thank her for all her hard work and commitment to the school, particularly in Chairing the Curriculum Committee.

If you have any questions about the role of the governor, please do not hesitate to contact either Mrs Gooding or leave a message with the school office and one of our current governors will contact you.

The closing date for nominations is **4.00pm Thursday 22<sup>nd</sup> October.**

**This is a very rewarding and interesting way of giving something back to the school.**

## Safeguarding

Each term we start our Computing lessons with sessions about online safety. These cover the three core aspects:

- 🔔 **Content** – Is what you are looking at and sharing appropriate?
- 🔔 **Contact** – Do you know who you are speaking to and interacting with and is this appropriate?
- 🔔 **Conduct** – Are you behaving appropriately?

This is adapted to suit the age of the children and is made relevant to what they will be using online. In Year 3 as the children move into the juniors, we ask them to sign our *Acceptable Use Agreement*. More information will come from the teachers shortly.

We ask that parents reinforce this and also use it as an opportunity to review practices at home. There are lots of resources available including from the 2 Johns who, hopefully, will be visiting us in June 2021:

## Mobile Phones in School

Over the past few weeks we have noticed that more Year 5 and 6 pupils have started to bring their mobile phones to school. Some of the children in classes Avocet, Budgerigar and Cuckoo are using them to play games when lining up to come into school and this means they are gathering in large clusters and some are reluctant to put them away when the gate opens. At the end of the day children have been seen taking photos of each other and the younger children.

We appreciate that if the children are walking to and from school on their own or with their friends that you want them to be safe and having a phone with them gives them immediate contact in case of need. We are happy to support this but would ask that your child only brings a phone with them, if they are coming to and from school without adult supervision. We will talk to the children about putting phones away before they line up to come into school and not using them until they are on Well Lane.

Thank you for your support.

## School Lottery News

Please support the school lottery. All of the funds raised help support projects to make learning fun!
