Danbury Park Community Primary School

Child Protection Policy

1. Introduction

Schools and their staff form part of the wider safeguarding system for children. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

(Keeping Children Safe in Education – DfE, 2020)

This Child Protection policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school and should be read in conjunction with the following:

- Keeping Children Safe in Education (DfE, 2020)
- the school Behaviour policy;
- the school Staff Code of Conduct;
- the safeguarding response to children missing from education
- the role of the designated safeguarding lead (Annex B of KCSIE)

Safeguarding and promoting the welfare of children (*everyone under the age of 18*) is defined in Keeping Children Safe in Education as:

- Protecting children from maltreatment
- Preventing impairment of children’s mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

2. Statutory framework

There is government guidance set out in Working Together (DfE, 2018) on how agencies must work in partnership to keep children safe. This guidance places a shared and equal duty on three Safeguarding Partners (the Local Authority, Police and Health) to work together to safeguard and promote the welfare of all children in their area under multi-agency safeguarding arrangements. These arrangements sit under the Essex Safeguarding Children Board (ESCB).

In Essex, the statutory partners are Essex County Council, Essex Police and five of the seven Clinical Commissioning Groups covering the county.

Section 175 of the Education Act 2002 (*Section 157 for Independent schools*) places a statutory responsibility on the governing body to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

In Essex, all professionals must work in accordance with the SET Procedures (ESCB, 2019) . Our school also works in accordance with the following legislation and guidance (*this is not an exhaustive list*):

Keeping Children Safe in Education (DfE, 2020)

Working Together (DfE, 2018)

Education Act (2002)

Effective Support for Children and Families in Essex (ESCB, 2017)

Counter-Terrorism and Security Act (HMG, 2015)

Serious Crime Act 2015 (Home Office, 2015)

Children and Social Work Act (2017)

Children Missing Education - statutory guidance for local authorities (DfE, 2016)

Sexual Offences Act (2003)

Education (Pupil Registration) Regulations 2006

Information sharing advice for safeguarding practitioners (HMG, 2018)

Data Protection Act (2018)

What to do if you're worried a child is being abused (HMG, 2015)

Searching, screening and confiscation (DfE, 2018)

Children Act (1989)

Children Act (2004)

Preventing and Tackling Bullying (DfE, 2017)

Female Genital Mutilation Act 2003 (S. 74 - Serious Crime Act 2015)

Sexual violence and sexual harassment between children in schools and colleges (DfE, 2018)

Promoting positive emotional well-being and reducing the risk of suicide (ESCB, 2018)

Preventing youth violence and gang involvement (Home Office, 2015)

Criminal Exploitation of children and vulnerable adult - county lines guidance (Home Office, 2018)

Teaching on-line safety in schools (DfE, 2019)

Education Access Team CME / Home Education policy and practice (ECC, 2018)

Understanding and Supporting Behaviour - safe practice for schools and educational settings (ESCB 2020)

3. Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment in which they can learn and achieve their full potential. However, there are key people within schools and the Local Authority who have specific responsibilities under child protection procedures. The names of those in our school with these specific responsibilities (the designated safeguarding lead and deputy designated safeguarding leads) are shown on the cover sheet of this document.

The governing body

The governing body ensures that the policies, procedures and training in our school are effective and comply with the law at all times. It ensures that all required policies relating to safeguarding are in place, that the child protection policy reflects statutory and local guidance and is reviewed at least annually.

The governor for safeguarding arrangements is named on the front cover of this document. This governor takes leadership responsibility for safeguarding arrangements in our school. The governing body ensures there is a named designated safeguarding lead and at least one deputy safeguarding lead in place.

The governing body ensures the school contributes to inter-agency working, in line with statutory and local guidance. It ensures that information is shared and stored appropriately and in accordance with statutory requirements.

The governing body ensures that all staff members undergo safeguarding and child protection training at induction and that it is then regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe.

The governing body ensures our pupils are taught about safeguarding (including online) through teaching and learning opportunities as part of a broad and balanced curriculum. From September 2020, our school will work in accordance with new government regulations which make the subjects of Relationships Education (for primary age pupils) and Relationships and Sex Education (for secondary age pupils) and Health Education (for all pupils in state-funded schools) mandatory.

The governing body and school leadership team are responsible for ensuring the school follows recruitment procedures that help to deter, reject or identify people who might abuse children. It adheres to statutory responsibilities to check adults working with children and has recruitment and selection procedures in place (see the school's 'Safer Recruitment' policy for further information). It ensures that volunteers are appropriately supervised in school.

The Headteacher

The Headteacher works in accordance with the requirements upon all school staff. In addition, (s)he ensures that all safeguarding policies and procedures adopted by the governing body are followed by all staff.

The Designated Safeguarding Lead (and Deputies)

The designated safeguarding lead in school has ultimate lead responsibility for safeguarding and child protection. Their role includes managing child protection referrals, working with other agencies, ensuring all staff are appropriately trained and raising awareness of all safeguarding and child protection policies and procedures. They ensure that everyone in school (including temporary staff, volunteers and contractors) is aware of these procedures and that they are followed at all times.

They act as a source of advice and support for other staff (on child protection matters) and ensure that timely referrals to Essex Children's Social Care (Children and Families Hub) are made in accordance with current SET procedures. They work with the local authority and the ESCB as required and ensure that information is shared appropriately.

The deputy designated safeguarding leads are trained to the same standard as the designated safeguarding lead. If for any reason the designated safeguarding lead is unavailable, the deputy designated safeguarding leads will act in their absence.

All school staff

Everyone in our school has a responsibility to provide a safe learning environment in which our children can learn. Any child may benefit from early help and all staff members are aware of the local early help process and our role in it. They are aware of signs of abuse and neglect so they are able to identify children who may be in need of help or protection. All staff members are aware of and follow school processes (as set out in this policy) and are aware of how to make a referral to Social Care if there is a need to do so. If staff have any concerns about a child's welfare, they must act on them immediately and speak with the designated safeguarding lead (or deputy) – they do not assume that others have taken action.

4. Types of abuse / specific safeguarding issues

Keeping Children Safe in Education (DfE, 2020) describes abuse in the following way:

“Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or another child or children”

Keeping Children Safe in Education refers to four categories of abuse:

- Physical
- Emotional
- Sexual
- Neglect

All staff in our school are aware of the signs of abuse and neglect so we are able to identify children who may be in need of help or protection. All staff are aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context (contextual safeguarding). We understand that abuse, neglect and safeguarding issues are rarely 'stand-alone' events and that, in most cases, multiple issues will overlap.

In addition, staff are aware of other types of abuse and safeguarding issues that can put children at risk of harm and understand that behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting put children in danger.

Child criminal exploitation

Child criminal exploitation is a geographically widespread form of harm which is a typical feature of county lines criminal activity (county lines is when drug networks or gangs groom and exploit children to carry drugs and money from urban areas to suburban areas and seaside towns). Our school works with key partners locally to prevent and respond to child criminal exploitation.

Child Sexual Exploitation (CSE)

Child Sexual Exploitation (CSE) is a form of child abuse, which can happen to boys and girls from any background or community. In Essex, the definition of Child Sexual Exploitation (CSE) from the Department of Education (DfE, 2017) has been adopted:

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

It is understood that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any concerns. The designated safeguarding lead will lead on these issues and work with other agencies as appropriate. This [one page process map](#) sets out arrangements for CSE in Essex.

Children missing from education

All children, regardless of their age, ability, aptitude and any special education needs they may have are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect and will follow the school procedures for unauthorised absence and for children missing education. It is also recognised that, when not in school, children may be vulnerable to or exposed to other risks, so we work with parents and other partners to keep children in school whenever possible.

Parents should always inform us of the reason for any absence. Where contact is not made, a referral may be made to another appropriate agency (Education Access Team, Social Care or Police). Parents are required to provide at least two emergency contact numbers to the school, to enable us to communicate with someone if we need to.

Our school must inform the local authority of any pupil who has been absent without school permission for a continuous period of 10 days or more.

More detail is included in the school's Attendance Policy.

Contextual safeguarding

Safeguarding incidents and behaviours can be associated with factors outside our school. All staff are aware of contextual safeguarding and the fact they should consider whether wider environmental factors present in a child's life are a threat to their safety and / or welfare. To this end, we will consider relevant information when assessing any risk to a child and share it with other agencies to support better understanding of a child and their family.

Domestic abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Domestic abuse is not limited to physical acts of violence or threatening behaviour, and can include emotional, psychological, controlling or coercive behaviour, sexual and/or economic abuse. Our school recognises that exposure to domestic abuse can have a serious, long-term emotional and psychological impact on children. We work with other key partners and will share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

So-called 'honour-based violence' (including Female Genital Mutilation and forced marriage)

Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

As of October 2015, the Serious Crime Act 2015 (Home Office, 2015) introduced a duty on teachers (and other professionals) to notify the police of known cases of female genital mutilation where it appears to have been carried out on a girl under the age of 18. Our school will operate in accordance with the statutory requirements relating to this issue, and in line with local safeguarding procedures.

A *forced marriage* is one entered into without the full consent of one or both parties. It is where violence, threats or other forms of coercion is used and is a crime. Our staff understand how to report concerns where this may be an issue.

Mental health

Our staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We understand that, where children have suffered abuse or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Where we have concerns this may impact on mental health, we will seek advice and work with other agencies as appropriate to support a child and ensure they receive the help they need.

Positive mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school aims to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk factors which increase someone's vulnerability and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter-balance and promote further growth of resilience.

It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

Online safety

We recognise that our children are growing up in an increasingly complex world, living their lives on and offline. This presents many positive and exciting opportunities, but we recognise it also presents challenges and risks. Any pupil can be vulnerable online, and their vulnerability can fluctuate depending on their age, developmental stage and personal circumstance. We want to equip our pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they are able to reap the benefits of the online world.

The three main areas of online risk could be categorised as:

- **Content:** being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racist or radical and extremist views;
- **Contact:** being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults;
- **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying

Our school seeks to help children keep themselves safe online in a range of ways - further information about our approach to online safety is available in our Online Safety policy.

Peer on peer abuse

Our school may be the only stable, secure and safe element in the lives of children at risk of, or who have suffered harm. Nevertheless, whilst at school, their behaviour may be challenging and defiant, or they may instead be withdrawn, or display abusive behaviours towards other children. Our school recognises that some children may abuse their peers and any incidents of peer on peer abuse will be managed in the same way as any other child protection concern and will follow the same procedures. We will seek advice and support from other agencies as appropriate. Peer on peer abuse can manifest itself in many ways. This may include bullying (including cyber bullying), physical abuse, sexual violence / sexual harassment, 'up-skirting', 'sexting' or initiation / hazing type violence and rituals. We do not tolerate any harmful behaviour in school and will take swift action to intervene where this occurs. We use lessons and assemblies to help children understand, in an age-appropriate way, what abuse is and we encourage them to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. Our school understands the different gender issues that can be prevalent when dealing with peer on peer abuse.

The procedures as stated in the school's Peer-on-Peer Abuse Policy and Anti-bullying Policy are followed.

Prevention of radicalisation

As of July 2015, the Counter-Terrorism and Security Act (HMG, 2015) placed a new duty on schools and other education providers. Under section 26 of the Act, schools are required, in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty.

It requires schools to:

- Teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion;
- Be safe spaces in which children / young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas;
- Be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues.

CHANNEL is a national programme which focuses on providing support at an early stage to people identified as vulnerable to being drawn into terrorism.

Our school works in accordance with local procedures for PREVENT and with other agencies, sharing information and concerns as appropriate. Where we have concerns about extremism or radicalisation, we will seek advice from appropriate agencies and, if necessary, refer to Social Care and / or the Channel Panel.

Serious violence

All staff are aware of indicators which may signal that children are at risk from or involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that a child has been approached by, or is involved with, individuals associated with criminal networks or gangs.

5. Children potentially at risk of greater harm

We recognise that some children may potentially be at risk of greater harm and require additional help and support. These may be children with a Child in Need or Child Protection Plan, those in Care or previously in Care or those requiring mental health support. We work with Social Care and other appropriate agencies to ensure there is a joined-up approach to planning for these children and that they receive the right help at the right time.

Our school understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration;
- That they may be more prone to peer group isolation than others;
- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs;
- Communication difficulties in overcoming these barriers.

6. Procedures

Our school works with key local partners to promote the welfare of children and protect them from harm. This includes providing a co-ordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans which provide additional support (through a 'Child in Need' or a 'Child Protection' plan).

All staff members have a duty to identify and respond to suspected / actual abuse or disclosures of abuse. Any member of staff, volunteer or visitor to the school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred **must** report it immediately to the designated safeguarding lead (or, in their absence, the deputy designated safeguarding leads).

All action is taken in accordance with the following guidance;

- Essex Safeguarding Children Board guidelines - the SET (Southend, Essex and Thurrock) Child Protection Procedures (ESCB, 2019)
- Essex Effective Support
- Keeping Children Safe in Education (DfE, 2020)
- Working Together to Safeguard Children (DfE, 2018)
- 'Effective Support for Children and Families in Essex' (ESCB, 2017)
- PREVENT Duty - Counter-Terrorism and Security Act (HMG, 2015)

Any staff member or visitor to the school must refer any concerns to the designated safeguarding lead or deputy designated safeguarding lead. Where there is risk of immediate harm, concerns will be referred by telephone to the Children and Families Hub and / or the Police. Less urgent concerns or requests for support will be sent to the Children and Families Hub via the Essex Effective Support portal. The school may also seek advice from Social Care or another appropriate agency about a concern, if we are unsure how to respond to it. Wherever possible, we will share any safeguarding concerns, or an intention to refer a child to Children's Social Care, with parents or carers. However, we will not do so where it is felt that to do so could place the child at greater risk of harm or impede

a criminal investigation. On occasions, it may be necessary to consult with the Children and Families Hub and / or Essex Police for advice on when to share information with parents / carers. See Appendix A.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, the staff member concerned should press for re-consideration of the case with the designated safeguarding lead.

If, for any reason, the designated safeguarding lead (or deputy) is not available, this should not delay appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support, should it be required. Any individual may refer to Social Care where there is suspected or actual risk of harm to a child.

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the designated safeguarding lead (and deputy) and how to share concerns with them.

7. Training

The designated safeguarding lead (and deputy) undertake Level 3 child protection training at least every two years. The Headteacher, all staff members and governors receive appropriate child protection training which is regularly updated and in line with advice from the Essex Safeguarding Children Board (ESCB). In addition, all staff members receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Records of any child protection training undertaken are kept for all staff and governors.

The school ensures that the designated safeguarding lead (and deputies) also undertakes training in inter-agency working and other matters as appropriate

8. Professional confidentiality

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils), or promise to keep a secret. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the designated safeguarding lead and may require further referral to and subsequent investigation by appropriate authorities.

Information on individual child protection cases may be shared by the designated lead (or deputy) with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

9. Records and information sharing

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school and when these records should be shared with other agencies.

Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 2018 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing information where there are real safeguarding concerns. Fears about sharing information cannot be allowed to stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. Generic data flows related to child protection are recorded in our Records of Processing Activity and regularly reviewed; and our online school privacy notices accurately reflect our use of data for child protection purposes.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, will record it as soon as possible, noting what was said or seen (if appropriate, using a body map to record), giving the date, time and location. All records will be dated and signed and will include the action taken. Teachers, learning support assistant and office staff use the online reporting system *My Concern*, which has a built-in alert for the designated safeguarding lead and deputies. Where there is a significant cause for concern, this must also be brought to the attention of the designated safeguarding lead (or deputies) in person by the member of staff receiving the disclosure. All other staff use the school's paper reporting forms (see Appendix E). These are then presented to the designated safeguarding lead (or deputy). The designated safeguarding lead (or deputies) will decide on appropriate action and record this accordingly. Blank copies of all school reporting forms are readily available in the PPA room.

Any records related to child protection are kept in an individual child protection file for that child (which is separate to the pupil file). All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school / educational setting.

In line with statutory guidance, where a pupil transfers from our school to another school / educational setting (including colleges), their child protection records will be forwarded to the new educational setting. These will be marked 'Confidential' and for the attention of the receiving school's designated safeguarding lead, with a return address on the envelope so it can be returned to us if it goes astray. We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school. Where appropriate, the designated safeguarding lead may also make contact with the new educational setting in advance of the child's move there, to enable planning so appropriate support is in place when the child arrives.

Where a pupil joins our school, we will request child protection records from the previous educational establishment (if none are received).

10. Interagency working

It is the responsibility of the designated safeguarding lead to ensure that the school is represented at, and that a report is submitted to, any child protection conference called for children on the school roll or previously known to them. Where possible and appropriate, any report will be shared in advance with the parent(s) / carer(s). The member of staff attending the meeting will be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions at the conference.

If a child is subject to a Care, Child Protection or a Child in Need plan, the designated safeguarding lead will ensure the child is monitored regarding their school attendance, emotional well-being, academic progress, welfare and presentation. If the school is part of the core group, the designated

safeguarding lead will ensure the school is represented, provides appropriate information and contributes to the plan at these meetings. Any concerns about the Child Protection plan and / or the child's welfare will be discussed and recorded at the core group meeting, unless to do so would place the child at further risk of significant harm. In this case the designated safeguarding lead will inform the child's key worker immediately and then record that they have done so and the actions agreed.

11. Allegations about members of the workforce

All staff members are made aware of the boundaries of appropriate behaviour and conduct. These matters form part of staff induction and are outlined in the Staff Code of Conduct. The school works in accordance with statutory guidance and the SET procedures (ESCB, 2019) in respect of allegations against an adult working with children (in a paid or voluntary capacity).

The school has processes in place for reporting any concerns about a member of staff (or any adult working with children). Any concerns about the conduct of a member of staff must be referred to the Headteacher (or the Deputy Headteacher in their absence), as they have responsibility for managing employment issues. Where the allegation concerns an agency member of staff, the Headteacher (or Deputy) will liaise with the agency, while following due process.

Where the concern involves the headteacher, it should be reported direct to the Chair of Governors.

SET procedures (ESCB, 2019) require that, where an allegation against a member of staff is received, the Headteacher, senior named person or the Chair of Governors must inform the duty Local Authority Designated Officer (LADO) in the Children's Workforce Allegations Management Team on **03330 139 797** within one working day. However, wherever possible, contact with the LADO will be made immediately as they will then advise on how to proceed and whether the matter requires Police involvement. This will include advice on speaking to pupils and parents and HR. The school does not carry out any investigation before speaking to the LADO.

Staffing matters are confidential and the school operates within a statutory framework around Data Protection.

12. Use of reasonable force

The term 'reasonable force' covers a broad range of actions used by staff that involve a degree of physical contact to control or restrain children. There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people, such as guiding a child to safety or breaking up a fight. 'Reasonable' means using no more force than is needed. Our school works in accordance with statutory and local guidance on the use of reasonable force (*see section 2*) and recognises that where intervention is required, it should always be considered in a safeguarding context. The school has a separate policy on physical contact, which covers the use of reasonable force in more detail.

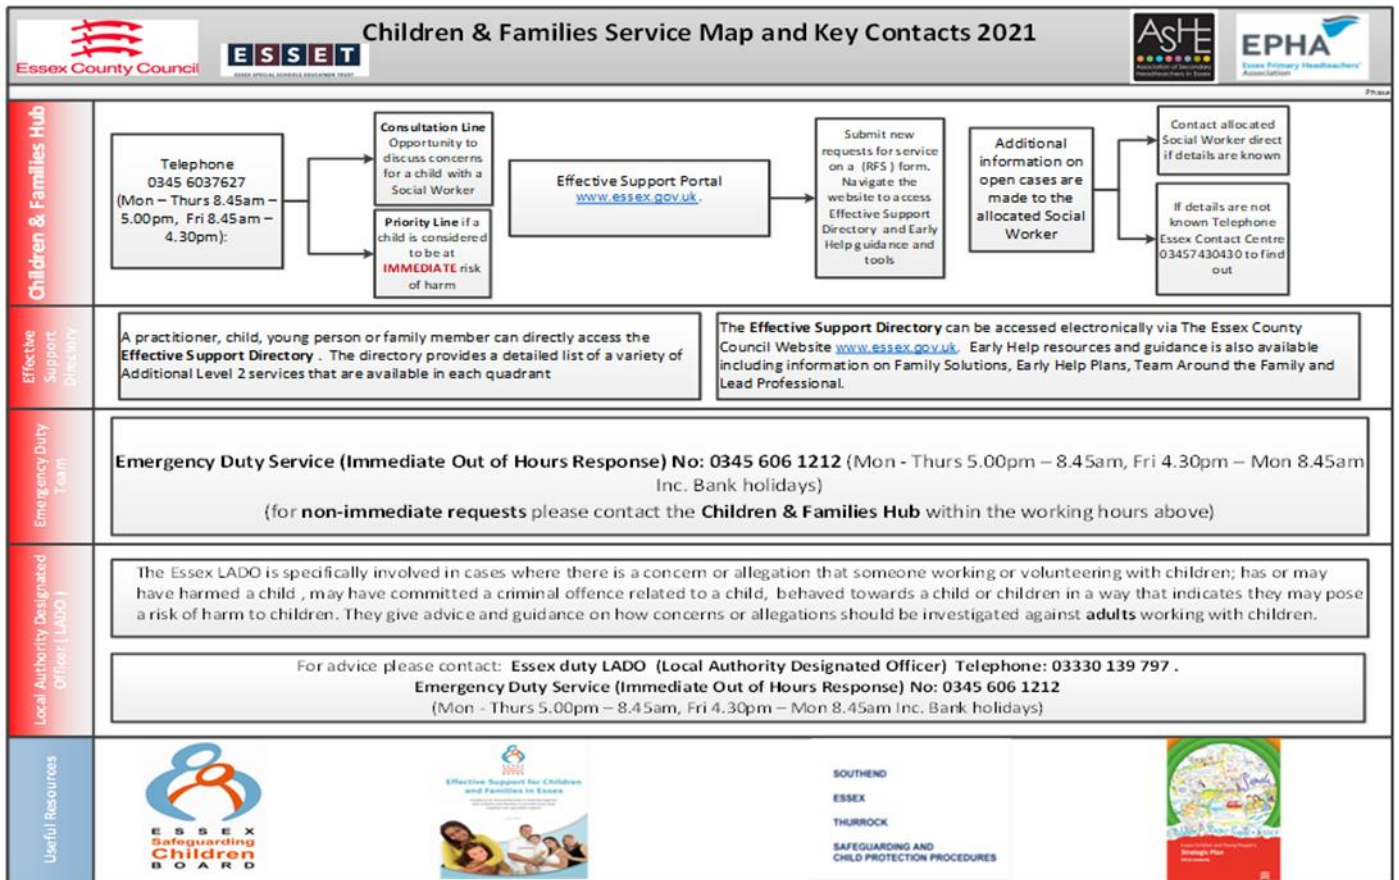

13. Whistleblowing

All members of staff and the wider school community should be able to raise concerns about poor or unsafe practice and feel confident any concern will be taken seriously by the school leadership

team. We have 'whistleblowing' procedures in place and these are available in the school Whistleblowing Policy. However, for any member of staff who feels unable to raise concerns internally, or where they feel their concerns have not been addressed, they may contact the NSPCC whistleblowing helpline on: 0800 028 0285 (line is available from 8:00 AM to 8:00 PM, Monday to Friday) or by email at: help@nspcc.org.uk.

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0808 800 5000 (24 hour helpline) or email: help@nspcc.org.uk .

Appendix A: Children and Families Hub flow chart

Appendix B

Essex Child Sexual Exploitation Arrangements

DEFINITION

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. (Home Office Definition for 2017)

INDICATORS OF CSE (For more information see SET CSE Risk and Vulnerabilities Assessment)

- ❖ You may notice a change in a young person's behaviour, they may be disruptive or hostile, and associating with older men or women.
- ❖ Their health or mental health might change, for example you may notice marks or scars which they try to conceal or increased health / sexual related problems.
- ❖ Their behaviour might change and you may notice them concealing their use of the internet, exclusion from school or unexplained absences and sexualised risk-taking, including on the internet or mobiles, or association with gangs.
- ❖ Their possessions may change including having unexplained amounts of money, credit, gifts, having multiple phones, sim cards and possession of hotel keys or keys to unknown premises.

FOR FURTHER INFORMATION REFER TO FULL **ESSEX CSE & MISSING ARRANGEMENTS** ON WWW.ESCB.CO.UK

CRITERIA FOR MACE: Children and young people known to be being exploited, those who are considered our most vulnerable to CSE due to missing episode(s), children and young people assessed as **HIGH RISK** to exploitation (including sexual exploitation).

Missing and Child Exploitation (MACE) Meetings (A meeting held in 4 quadrants; Mid, North, South and West)

MACE part 1 (monthly): Focus on individual case discussion. Provides opportunity for multi-agency senior management oversight and comment for our most vulnerable young people, considers plans, further disruption opportunities and collection of evidence to support prosecutions

MACE part 2 (bi-monthly): Considers wider operational activity necessary to tackle CSE threats through analysing local trends, patterns and hotspots. Responsible for building a local problem profile to better understand what threats exist locally and how these can be managed.

ESCB Child Exploitation & Missing Sub-Committee

This Sub-Committee oversees the statutory functions of local agencies to drive forward work across Essex around Child Exploitation and Missing. This multi-agency strategic group reports directly to the ESCB and it is responsible for overseeing a Multi-Agency Child Exploitation and Missing Action Plan.

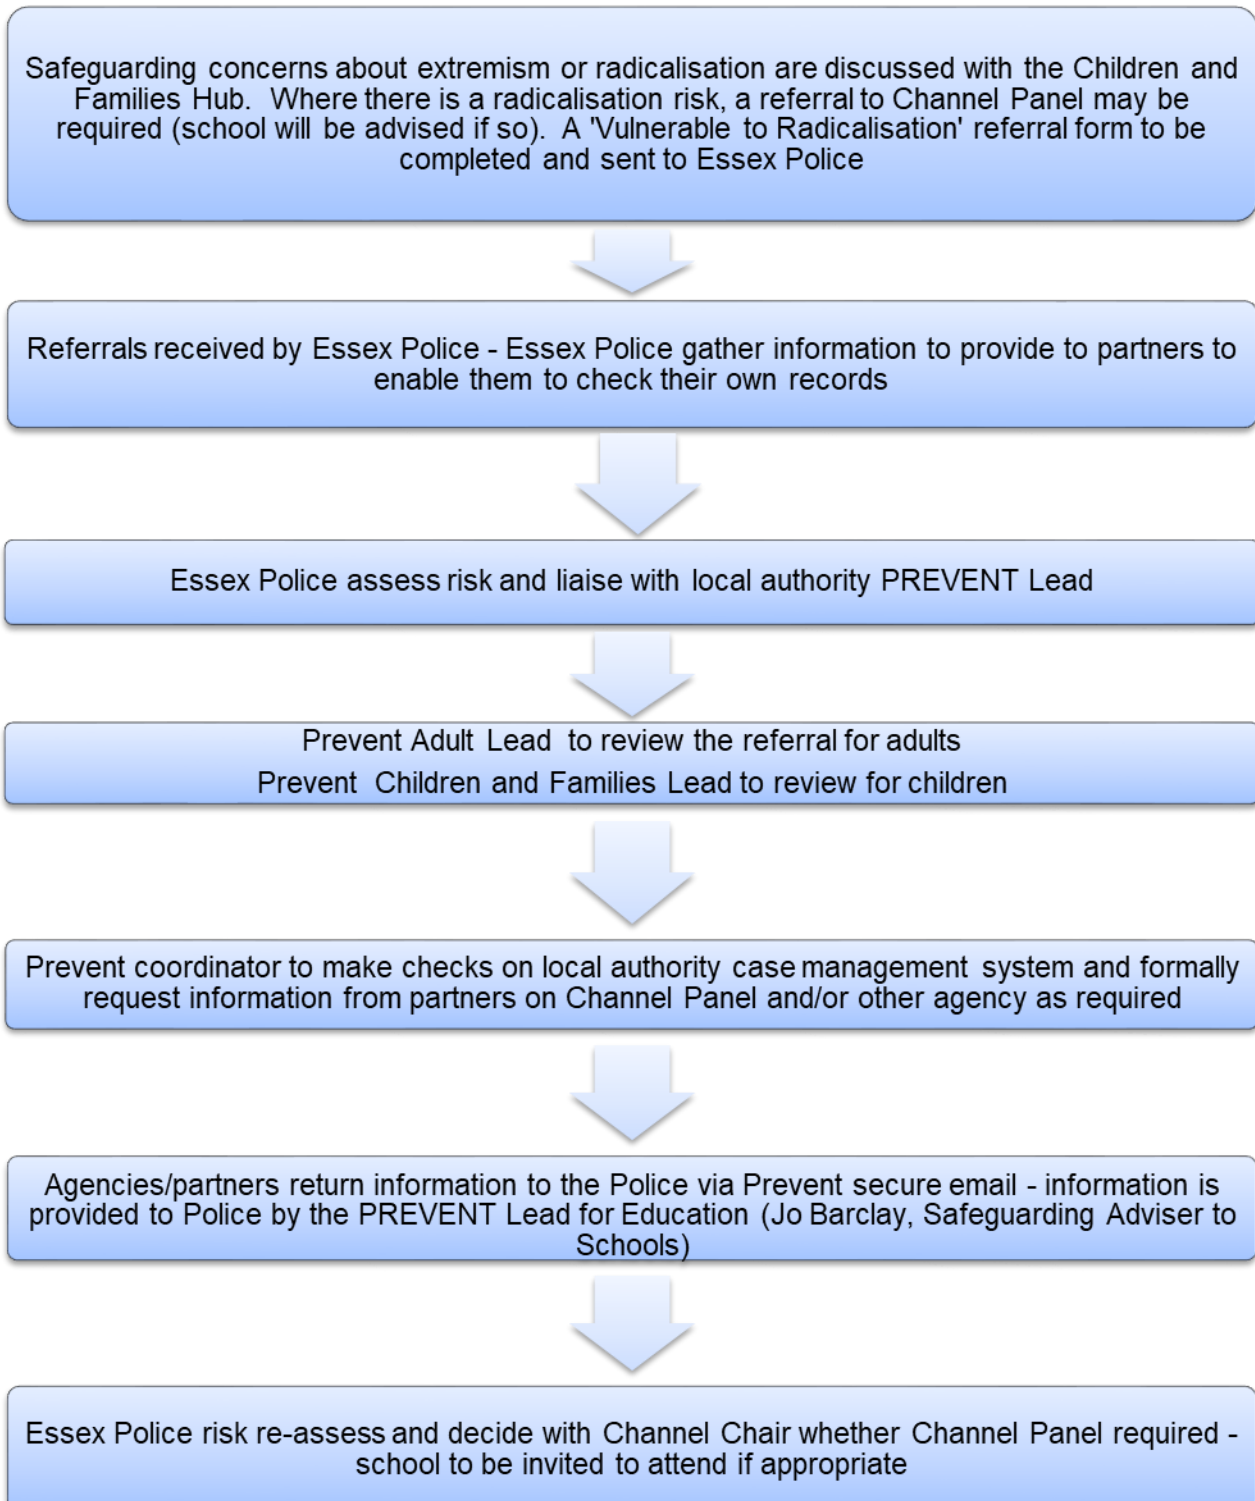

District Councils (DC) & Community Safety Partnerships (CSP)

Local Councils have a range of functions such as housing, anti-social behaviour and nuisance, licensing, environmental health, which should all be considered in effectively tackling local threats of CSE. DC regulatory powers can be used to detect, disrupt, and in the collation of evidence, to support prosecutions. Each District has a CSP who has a statutory responsibility to develop and produce crime and disorder reduction strategies. CSPs can support in local community engagement, including supporting victims and their families and awareness raising projects. Representatives from DCs and CSPs attend quadrant MACE meetings.

Stay Safe Groups

Leads for Partnership Delivery attend quadrant MACE Part 2 meetings, this provides the mechanism for themes to be shared to support, training and develop the wider workforce.

Appendix C PREVENT Referral Flowchart

Appendix D: Essex Windscreen of Need and levels of intervention

All partners working with children, young people and their families will offer support as soon as we are aware of any additional needs. We will always seek to work together to provide support to children, young people and their families at the lowest level possible in accordance with their needs

Children with **Additional** needs are best supported by those who already work with them, such as Family Hubs or schools, organising additional support with local partners as needed. When an agency is supporting these children, an Early Help Plan and a Lead Professional are helpful to share information and co-ordinate work alongside the child and family.

For children whose needs are **Intensive**, a coordinated multi-disciplinary approach is usually best, involving either an Early Help Plan or a Shared Family Assessment (SFA), with a Lead Professional to work closely with the child and family to ensure they receive all the support they require. Examples of intensive services are children's mental health services and Family Solutions.

Specialist services are where the needs of the child are so great that statutory and/or specialist intervention is required to keep them safe or to ensure their continued development. Examples of specialist services are Children's Social Care or Youth Offending Service. By working together effectively with children that have additional needs and by providing coordinated multi-disciplinary/agency support and services for those with intensive needs, we seek to prevent more children and young people requiring statutory interventions and reactive specialist services.

Appendix E

Suspected Child Abuse

Guidelines regarding suspected child abuse are contained in the training literature and materials shared with staff annually and are stored in the Child Protection file in the staff room.

Child abuse may manifest itself in many ways including:

- Signs of physical abuse – bruises, scars, cuts, burns and abrasions beyond normal “wear and tear” of life.
- Changes in behaviour patterns – becoming very withdrawn, shying away from physical contact, incontinence. Changes in behaviour to become very aggressive and violent may also occur.
- Changes in usual verbal interaction; withdrawn, reticent, voluble
- Unusual or explicit play or language especially when no such play had been evident.
- Staff may encounter suspicious stories about life at home either verbally or in written stories

Action to be Taken

Should the child confide in you

- ALWAYS believe the child
- INFORM the Designated Child Protection Co-ordinator at the earliest possible opportunity
- KEEP anything told to you strictly confidential after informing the Designated Child protection Co-ordinator
- COMPLETE a school suspected child abuse form (Appendix 2)

Should you have cause for suspicion that abuse may be occurring

- INFORM the Designated Child Protection Co-ordinator at the earliest opportunity
- KEEP your suspicion strictly confidential
- COMPLETE a school suspected child abuse form

NEVER

- Confront or inform the parents
- Discuss the suspected abuse with the child beyond normal conversation

Notes on Completing the Suspected Child Abuse Form

- Date and sign every form
- Keep comments strictly factual (date, time, what evidence seen/heard, action taken)
- Take no copies of the form
- Submit form to Headteacher at earliest opportunity and always within one working day
- Keep its content strictly confidential

Copies of this form are in a file in the PPA room

CHILD PROTECTION RECORD – Report of a Concern

(Pink Form)

Date of record:			
Date of incident:			
Name of referrer:		Role of referrer:	
Child name:		Year Group / class:	
Details of concern:	<ul style="list-style-type: none"> <i>use body map if appropriate (with advice of Designated Lead)</i> <i>use initials for other children / young people involved, unless there is a specific need to name them in full</i> <i>contemporaneous notes, if taken, may be attached to this form</i> 		
Reported to:		Role of person reported to:	
Signed:			

Action taken:			
Advice sought: <i>(from whom and what was advice given)</i>			
Concern / referral discussed with parent / carer?		<i>If not, state reasons why – if yes, note discussion with parent</i>	
Referral made:		<i>If not, state reasons why – if yes, record to whom and any action agreed</i>	
Feedback to referring member of staff:			By whom
Response to / action taken with pupil:			By whom

CHILD PROTECTION RECORD – Front Sheet

Date file opened:		
Child Name:		
Date of birth:		
Any other names by which the child is known/has been known:		
Status: <i>CIN, CP, CIC</i>		
Address:		
Other family members: <i>(include full name, relationship, if under 18 include age and school where known)</i>		
Any other child protection files held in school relating to another child closely connected to this child?	Yes <i>(name of other child/ren)</i>	No
Name and contact number of key workers:		
Name and contact details of GP:		

FILE TRANSFER RECORD AND RECEIPT

PART 1: To be completed by sending / transferring school or educational setting

NAME OF CHILD:	
DOB:	
NAME OF SCHOOL SENDING CP FILE:	
ADDRESS OF SCHOOL SENDING CP FILE:	
METHOD OF DELIVERY:	BY HAND SECURE POST ELECTRONICALLY
DATE FILE SENT:	
NAME OF DSL TRANSFERRING FILE:	
NAME OF PERSON TRANSFERRING TO:	
SIGNATURE:	

PART 2: To be completed by receiving school or educational setting

NAME OF SCHOOL RECEIVING FILE:	
ADDRESS OF SCHOOL RECEIVING FILE:	
DATE RECEIVED:	
NAME OF PERSON RECEIVING FILE:	
DATE CONFIRMATION OF RECEIPT SENT:	
SIGNATURE:	

Receiving school / educational setting: Please complete Part 2 and return this form to the Designated Safeguarding Lead listed in Part 1 above. You are advised to keep a copy for your own reference.

Signs and Symptoms

Signs of Physical Abuse

- Unexplained Injuries or burns particularly if they are recurrent
- Improbable excuses given to explain injuries
- Refusal to discuss injuries
- Untreated injuries
- Admission of punishment which appears excessive
- Bald patches
- Withdrawal from physical contact
- Arms and legs kept covered in hot weather
- Fear of returning home
- Fear of medical help
- Self destructive tendencies
- Aggression towards others running away

Signs of Emotional Abuse

- Physical, mental and emotional development lags
- Admission of punishment which appears excessive
- Over reaction to mistakes
- Continual self-depreciation
- Sudden speech disorders
- Fear of new situation
- Inappropriate emotional responses to painful situations
- Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)
- Self mutilation
- Fear of parents being contacted
- Extremes of passivity or aggression
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging

Signs of Sexual Abuse

- Sudden changes in behaviour or school performance
- Displays of affection in a sexual way inappropriate to age
- Tendency to cling or need constant reassurance
- Tendency to cry easily
- Regression to younger behaviour e.g. thumb sucking, playing with discarded toys, acting like a baby
- Complaints of genital itching or pain
- Distrust of a familiar adult, or anxiety about being left with a relative, baby sitter or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Apparent secrecy
- Wetting day or night
- Sleep disturbances or nightmares
- Chronic illnesses especially throat infections and venereal disease
- Anorexia or bulimia
- Unexplained pregnancy
- Fear of undressing for gym
- Phobias or panic attacks

Appendix F:

Additional safeguarding arrangements during COVID-19

When schools were instructed to close, we assessed the needs of all our pupils and put in place plans to support them and their families during the summer term. These plans included an education offer and arrangements to support pupils with their safety and wellbeing. Where appropriate, the plans included actions and interventions from other agencies, as we continued to work with partners to provide an appropriate level of support. These plans were regularly reviewed to ensure they reflected current need and were updated accordingly to ensure appropriate support is in place.

We have now moved to full opening and our usual Child Protection Policy applies. However, as a response to COVID-19 and to ensure we are compliant with government guidance and Health and Safety law, other arrangements are in place and we have communicated this to all parents.

We have a robust risk assessment in place and will continue to regularly review this and update it as required. This review process will consider whether our current plans and protective measures are:

- Effective,
- Working as planned,
- Updated appropriately considering any issues identified and changes in public health advice.

If, as a result of future local lockdown arrangements, the school is subject to further closure, our previous arrangements for monitoring and supporting pupils will be reinstated.
