

Primary PE and Sport Grant

The government award a grant to every school each year to support children’s participation in PE and sport. The money spent is ring fenced and the school is held accountable for how they have used the funding and the impact that this has had on pupils’ participation and progress.

At Danbury Park Community Primary School we aim to use the funding to

- 🦉 Engage all pupils in regular physical activity – kick-starting healthy active lifestyles.
- 🦉 Raise the profile of PE and sport across the school.
- 🦉 Increase the confidence, knowledge and skills of all staff in teaching PE and sport.
- 🦉 Broaden the sporting opportunities and experiences available to pupils.
- 🦉 Increase the participation in competitive sport.

End of Year 2021-22 Summary and Evaluation

- 🦉 High quality PE lessons for all pupils have been enhanced and developed this year following the lifting of COVID regulations.
- 🦉 Professional development for teachers has been maintained so that teachers have widened their skills and knowledge. This in turn has led to more varied PE lessons.
- 🦉 As the installation of the Outdoor Gym was only completed in July 2022, the impact cannot yet be quantified but it is anticipated that along with the play equipment boxes and the Daily Mile Track, pupils will have a wide range of choice at break and lunchtimes, which will engage them in regular physical activity throughout the day.
- 🦉 Many pupils have been enabled to participate in a range of after-school sporting activities. The subsidies from the grant have supported families where financial pressures are increasing and may be prohibitive. The level of uptake and attendance at the after-school sports clubs throughout the year was very high. This gave every child the opportunity to participate in physical activity and to mix socially after school. The impact has been that after COVID disruptions, children have been able to firmly re-establish healthy life-styles and this has improved their physical stamina, mental health and ability to work together as a larger group.

Swimming

Swimming is taught in Year 3 as a block of six lessons in the summer term at a local pool with qualified instructors. The pupils are taught in small ability groups.

Number of pupils in Year 6 <small>(NB not all pupils will have been at Danbury Park School in Year 3 when swimming is taught; up-to-date information from parents and pupils)</small>	36
Percentage of pupils able to swim competently, confidently and proficiently over at distance of at least 25m	93%
Percentage of pupils able to use a range of strokes effectively	83%
Percentage of pupils able to perform safe self-rescue in different water-based situations	93%
